

# THA Halloween Carnival Information

## “Class Booths”

Each class hosts a booth at the carnival. Room parents are responsible for working with teachers to create a fun, interactive booth. Room parents will also be contacting all classroom parents to assign times to help “run/man” the booths. (Typically, 15 minute intervals.) If you have not been assigned a time to help, please contact your classroom mom/dad. If your class has been assigned an inflatable, you must have an adult working the booth. (If your class has arranged to provide an inflatable, that class is still responsible for an inside booth.)
